

VENUE AND DURATION OF COURSE:

East Surrey College, Gatton Point, Redhill, RH1 2JX. Two years Part-time. One day a week.

ENTRY REQUIREMENTS:

All candidates should have completed a Level 4 HNC in Electrical and Electronic Engineering before topping up to the Diploma with this course.

PROGRAMME OVERVIEW:

This qualification is designed to meet the needs of those already in employment and looking to further their career within electrical or electronic engineering. A Higher National Diploma is the ideal qualification for engineers seeking a professional career status and offers progression to a variety of careers in research and development, design, management, teaching, technical sales or the Armed Forces. Our Higher National offer has been developed in conjunction with local employers to meet the needs of the local workforce.

PROGRAMME STRUCTURE:

The course consists of 6 core units common to all Engineering BTEC programmes, four subject specific mandatory units and five additional units chosen from a range.

Mandatory Units:

- Engineering Design
- Engineering Maths
- Engineering Science
- Managing a Professional Project
- Research Project
- Professional Engineering Management (Pearson-set)
- Electrical and Electronic Principles
- Industrial Power, Electronics and Storage
- Further Mathematics
- Industrial Systems

Current offer of optional Units: five required

- Mechatronics
- Analogue Electronic Systems
- Further Electrical, Electronic & Digital Principles
- Further Control Systems in Engineering
- Materials, Properties and Testing
- Mechanical Workshop Practices
- CAD for Maintenance Engineers
- Instrumentation and Control
- Electronic Circuit and Devices
- Virtual Engineering
- Digital Principles
- Electrical Systems and Fault Finding
- Electro, Pneumatic and Hydraulic Systems
- Mechanical Principles
- Commercial Programming Software
- Embedded Systems

PROFESSIONAL RECOGNITION:

Electrical & Electronic Engineering Level 5 BTEC Higher National Diploma.

ASSESSMENT:

The course will be internally assessed through a programme of assignments, projects, case studies and practical activities.

EQUIPMENT NEEDED:

- Pens/Pencils
- Scientific Calculator
- Lever arch folder
- Recommended textbooks
- Laptop with recommended Student software
- Licences installed (Matlab and MultiSim)

TUITION FEES:

£3,082 per year in 2022/23. Please be aware that there may be additional costs for equipment and educational visits. This information will be available from the curriculum staff at interview.

STUDENT LOANS AND FINANCIAL SUPPORT:

Full-time and Part-time students from the UK/EU who are studying for a Higher Education course can apply to the Student Loans Company (www.slc.co.uk) for a Tuition Fee Loan for the full amount (this will be paid directly to the College). Additionally, Full-time UK-only students can apply for a Maintenance Loan (to cover living costs). The Government have also introduced the Maintenance Loans to Part-time students. Evidence of an approved loan must be provided at enrolment in the form of the Payment Advice letter provided by the Student Loans Company. Further details of how to apply for a Student Loan can be found at www.direct.gov.uk/studentfinance.

OTHER PAYMENT METHODS:

If you are not eligible for financial support you will need to pay for the course privately which could include a contribution from your employer. For more information, visit: www.esc.ac.uk/fees-and-student-loans.

WHERE CAN IT LEAD?

An Engineering Higher National Diploma can lead to further progression in the engineering sector.

HOW TO APPLY:

To apply online for this course please visit www.esc.ac.uk. If you have any outstanding queries, please contact our Client Services team on 01737 788444, or email: clientservices@esc.ac.uk.

Disclaimer:
