

VENUE AND DURATION OF COURSE:

East Surrey College, Gatton Point, Redhill, RH1 2JX, 1 year full-time, 3 days a week.

ENTRY REQUIREMENTS:

Applicants must be aged 19+

GCSE English and Maths at grade 9-4 (A*-C) and at least one of the following:

- A Science GCSE grade 9-4 (A*-C)
- A full level 2 qualification in a relevant or related subject (to be discussed at interview).
- Substantial work experience in a related field (to be discussed at interview).

N.B if you do not meet these qualification requirements you may still be offered a place on the course but this will be at the discretion of the academic staff. There are opportunities to study adult GCSE courses at the College which you would be required to apply for separately.

It is important that you research the different university courses that you want to go on to study to ensure that the Access to Higher Education Diploma is an appropriate qualification to gain entry to these courses. Applicants will be invited to attend an interview to discuss their needs and suitability for the course. Completion of the course will require a high level of commitment and the specific demands of the course will be discussed at interview.

For students whose first language is not English, an assessment will need to be undertaken. For those with alternative qualifications, a NARIC conversion will be required.

All students will also be required to attend an initial assessment event prior to the start of their course. 'Get Ready for Access to HE' courses will be delivered three times prior to the start date of your programme. Dates and further details for this event will be discussed at interview.

WHAT QUALIFICATIONS WILL I GET?

Access to Higher Education Diploma (Sciences)

COURSE DESCRIPTION:

This course is designed for adults not already in possession of a suitable Level 3 qualifications as an approved route to higher level qualifications, training programmes and university degrees.

On this course you will study units in biology, psychology and research. It will prepare you for health-related degrees that have a strong science basis like physiotherapy, podiatry, dietetics and paramedic science.

CHEMISTRY

Fundamentals of Chemistry
Structure & Bonding
Periodic table, Ionisation Energies and Redox
Reaction Kinetics and Energetics
Equilibria, Acids and Buffers
Organic Chemistry
Organic Reaction Mechanisms

BIOLOGY

Cell Biology
Biomolecules for Healthcare
Energy for Healthcare
Musculoskeletal Systems
Cardiopulmonary Systems
Disease and Body Defences
Mammalian Control Systems
Digestions and the Liver for Healthcare

STUDY SKILLS

Independent Academic Study
Academic Study Skills
Practical Science Skills

TYPE OF ASSESSMENT:

Access to HE Diploma is a continual assessment programme that allows learners to constantly improve and develop their portfolio. Assessment comes in a range of forms including reports, debates, essays, projects, exams, posters, practical reports, open book tests and presentations.
