

Off-the-job training: steps to help you determine whether an activity counts as off-the-job training

Key facts

1

Off-the-job training must make up at least 20% of the apprentice's contracted hours, over the total duration of the apprentice's planned training period.

2

Off-the job training can be delivered in the apprentice's normal workplace or at an external location.

3

Progress reviews and on-programme assessments do not count towards 20% off-the-job training, as they do not deliver new knowledge, skills and behaviours.

4

If needed, English and maths training must be on top of the 20% off-the-job training requirement.
