## Sports

Welcome to the Sport department! We currently offer courses at Level 1, 2, 3 and 4 in Sport.

If you are interested in sport, this course will develop you to obtain the necessary skills, knowledge and understanding to provide a successful progression route into the sport industries. The courses cover a vast range of topics such as practical sport performance, anatomy and physiology, sport psychology, nutrition, analytics, coaching and many, many more. You will also participate in a number of trips to help your learning for the world outside of College. In previous years, trips such as taking part in professional sport science testing, water sports, rock climbing and further outdoor activities have provided the skills to progress further in sport.

The courses offer you opportunities to progress onto Higher Education, advanced studies or career opportunities within the sport and fitness industry such as recreational assistant, event assistant, sports coordinator and activity coordinator.

### Work Submission

Once you have completed your project, please forward the document (or if you have been working on a project offline eg a sketchbook portfolio please forward a photo of what you have completed) to the following email address along with your full name: [submissions@esc.ac.uk](mailto:submissions@esc.ac.uk). We'll then forward this on to our curriculum teams who will be in touch shortly.
