

Work Activity Brief

Courses	Carpentry Level 1 & 2		
Project Title	Introduction to Carpentry		
Tutors	David Hartsilver & Steven Bicknell		
Issue date	April 2020	Completion date	August 2020

Project overview

Welcome to East Surrey College. This project will provide you with the opportunity to find out more about a career in Carpentry, the tools that you will be using and more about the industry. You may present your work in any format eg create a Microsoft Word document to answer the questions to the tasks below. You can also use the internet if you need help answering any of the questions.

Once you have completed your project, please forward this to the following email address along with your full name: submissions@esc.ac.uk. We'll then forward this on to our curriculum teams who will be in touch shortly.

Outcome of the project

This project has been developed to help you to prepare for the programme that you will be joining in September. It will hopefully give you some insight into the subject area and will support the development of working independently as well as assignment writing.

Brief – These are the tasks that you need to complete to help you to structure your work.

Task 1: What trade have you chosen to study?

Task 2: Why did you decide on this trade?

Task 3: Name 5 tools your trade would use.

Task 4: What is the difference between a commercial and domestic construction site?

Task 5: What does self-employed mean?

Task 6: What is the name of the building in the picture below?

Task 7: What is happening with the above building at the moment?

Task 8: What does PPE stand for?

Task 9: Draw three PPE items.

Task 10: What trade would install a bathroom suite?

Task 11: What is the only trade that takes down what they built?

Task 12: What is the CITB?

Task 13: Name five different buildings that people live in.
