

## Work Activity Brief

<b>Courses</b>	Health & Social Care for Level 1 & 2		
<b>Project Title</b>	Introduction to Working Within Health & Social Care		
<b>Tutor</b>	William Ofei-kwatia		
<b>Issue date</b>	April 2020	<b>Completion date</b>	August 2020

### Project overview

A career in Health and Social care can be very rewarding and there are a wide variety of roles and environments that you can chose to work in. This taster assignment aims to be an interesting exercise to complete and serves as useful research for the beginning of your course.

This activity will help you to prepare for a career in the Health and Social Care sector. At East Surrey College, we encourage our students to be independent learners. This means:

- Being organised
- Being self-motivated
- Being curious for learning
- Being ready to contribute to learning

Why focus on study skills? Because reflecting on HOW we learn, is just as important as WHAT we are learning.

**Once you have completed your project, please forward this to the following email address along with your full name: [submissions@esc.ac.uk](mailto:submissions@esc.ac.uk). We'll then forward this on to our curriculum teams who will be in touch shortly.**

### Outcome of the project

This project has been developed to help you to prepare for the programme that you will be joining in September. It will hopefully give you some insight into the subject area and develop skills of working independently as you will be required to do as a College student.

### Brief – These are the tasks that you need to complete:

#### Task One

You will need to research **one** of the care organisations listed below and include the following:

- Describe the purpose of the chosen organisation
- What services does the organisation offer?
- Do you think the organisation is successful? Give **two** examples

Care organisations;

- Regard Partnership
- Sunrise Care Home
- Active Prospects

Please **explain** where you gathered your information from.

## **Task Two**

**Design an information leaflet** on the information that you have gathered. This will assess your communication skills and design abilities.

## **Task Three**

Develop a presentation that outlines at least **three** creative activities that people in care could do within a **care setting**. Please include pictures and a **description** of any equipment that is needed.
